### TOPICS IN DEMAND!

#### • HAVING THE COURAGE TO FAIL

Dealing with failure, over coming your fear of failure and learning from your failures. 3 hardest things for people to say: I'm sorry | I was wrong | I need your help.

#### • ALWAYS BE MOVING FORWARD

Looking at problem solving in a logistic way. Not overthinking and not over reacting. Feeling the pain and doing it anyway. You do what you have to do until you can do what you want to do.

#### • LEADERSHIP BY EXAMPLE

Do you lead by example, gaining trust from those around you. Walking the walk and talking the talk. Trust vs performance.
